

New Source Review newspaper advertisements for construction permit applications, February 21, 2019. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be published on one of the following date: February 19-21, 2019. Public notices are generally published every week. The previous publication of public notices was February 14, 2019.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 22nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

HEADER

The applicant is Nashville Ready Mix of Clarksville, LLC with a mailing address of 605 Cowan Street, Nashville, TN 37207. They seek to obtain an air contaminant permit (Division identification number: 63-0160-01/76041) for the modification of a Concrete Batch Plant Operation located at 1451 Nolen Road, Clarksville, TN 37042. This existing operation consists of two (2) cement/fly ash storage silos, conveyors, and filter cartridges used to produce ready mix concrete. The requested modification is to increase the annual production rate. A Baghouse (fabric filter) is used for pollution control. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. J. Horton is the assigned Division person.

For the Montgomery County “Leaf-Chronicle”--publish once on Thursday, February 21, 2019.

HEADER

The applicant is Sequatchie Concrete Service, Inc. with a mailing address of P.O. Box 11869, Knoxville, TN 37939. They seek to obtain an air contaminant permit (Division identification number: 58-0043-02/75940) for the modification of a Concrete Batch Plant Operation located at 210 Ash Avenue, South Pittsburg, TN 37380. This existing operation consists of two (2) storage (cement/fly ash) silos, conveyors, and filter cartridges used to produce ready mix concrete. The requested modification is to increase material input rate.. A baghouse (fabric filter) is used for pollution control. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. J. Horton is the assigned Division person.

For the Marion County “Jasper Journal”--publish once on Tuesday, February 19, 2018

HEADER

The applicant is Sequatchie Concrete Service, Inc. dba Blount County Plant with a mailing address of P.O. Box 11869, Knoxville, TN 37939. They seek to obtain an air contaminant permit (Division identification number: 05-0383-02/76163) for construction of a Concrete Batch Plant Operation located at 1919 Airbase Road, Louisville, TN 37777. This proposed construction would consist of two (2) storage (cement/fly ash) silos, conveyors, and filter cartridges used to produce ready mix concrete. A baghouse (fabric filter) would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.
